

LEARNING EXPERIENCE BRIEF

JA Ourselves[®]

JA IN A DAY

► Financial Literacy

The *JA Ourselves* kit is used for both traditional and JA in a Day implementation models. A separate JA in a Day Guide for Volunteers and Teachers is available for download and/or local printing.

JA Ourselves introduces students to the intersection of financial literacy and kindergarten social studies learning objectives, including personal economics and the choices people make to meet their needs and wants.

The JA in a Day model consists of five kit-based, volunteer-taught sessions that include primary and secondary objectives from the traditional learning experience. Each JA in a Day session is 30 minutes.

LEARNING EXPERIENCE OBJECTIVES

Following participation in the learning experience, students will be able to:

- Practice personal economics by considering choices.
- Explain the difference between needs and wants.
- Understand the concept of money, particularly earning and saving.
- Identify the importance of giving to a worthy cause.

JA'S TURNKEY SOLUTION FOR EDUCATORS & VOLUNTEERS

Junior Achievement's national network of educators and volunteers help today's young people connect the dots between what they learn in school and the "business of life"—work readiness, entrepreneurial mindset, and financial literacy.

PERSONALIZED SERVICE

JA works to ensure that local educators and volunteers come together to engage students. Combining personalized volunteer placement, educator engagement, and standards-based curriculum at a local level provides service and support for each JA Learning Experience.

COMPREHENSIVE TRAINING & SUPPORT

JA staff offers training to ensure facilitators are comfortable delivering JA content. Training topics include working with students and educators, and understanding how to effectively facilitate curriculum and specific hands-on activities.

MAKE A DIFFERENCE

Volunteers bring their experience into the classroom, helping students feel connected to their community. The time commitment is minimal compared to the significant impact made.

CURRICULUM OUTLINE

- 1 Session One: This or That? Make a Choice**
Students practice economics by making personal choices.
- 2 Session Two: Do I Need What I Want?**
Students begin to understand that people have basic needs and wants and that money-smart people know the difference between them.
- 3 Session Three: A Penny Earned**
Storybook characters help students learn about ways to earn money.
- 4 Session Four: A Penny Saved**
Students learn the importance of saving and having a savings goal.
- 5 Session Five: A Penny Shared**
Storybook characters help students learn about earning money to help others in their community.

The learning experience introduces students to the role of money in society while providing them with practical information about earning, saving, and sharing money. Selected pieces appear below.
