

LEARNING EXPERIENCE OVERVIEW

JA Inspire® Advanced

► Work and Career Readiness

JA Inspire is much more than a career fair. It brings together the business community and local schools and is designed to help launch teens and young adults into their future—postsecondary education and their careers. The curriculum can be completed by participants independently at home, or in a classroom with or without educator involvement. The *JA Inspire* event, which follows the curriculum, can be in-person, virtual, or both.

The learning experience consists of three segments: (1) pre-event career-oriented sessions; (2) the *JA Inspire* event; and (3) a post-event reflection. The *JA Inspire* event is aligned with local industry and career opportunities, as well as local school district preferences.

JA Inspire in-person events are multi-hour experiences where participants engage in hands-on activities, often using equipment or tools used on a job. VFairs, the online interactive platform used to host *JA Inspire* virtual events, allows participants to attend webinars and presentations, explore company exhibits, and interact with career speakers. Both event types provide participants a powerful way to learn about real-world career opportunities and their local economy.

This learning experience is part of the JA Work and Career Readiness Pathway and can be placed in Grades 9–12 and post-high school.

LEARNING EXPERIENCE HIGHLIGHTS

- Multiple curriculum implementation options: fully educator-led, fully self-guided, or hybrid with classroom introductions and talking points for all self-guided sessions.
- Allows participants to explore their own values, skills, and interests, plus career clusters and the specific jobs that align with them.
- Requires a digital device for each participant.
- Event (virtual, in-person, or both) provides a powerful way to learn about real-world careers.
- Provides many extension activities via JA Connect® (<https://connect.ja.org/work-career-readiness>)

VFAIRS PLATFORM DETAILS (VIRTUAL EVENT ONLY)

- Is accessible from any device.
- No downloads are required.
- Visually rich virtual environment mimics the dynamics of a physical live event, including a virtual lobby, information desk, auditorium for presentations, and halls with sponsoring company booths.
- Participants can revisit the virtual *JA Inspire* event multiple times.
- Materials can be saved to a virtual backpack and emailed to participants post event.
